The unit shall exclude those employees who are designated as management, interns and those under independent contract.
ARTICLE II

STATUTORY CHANGES

A. If any provisions of this contract or any application thereof to any employee is deemed to be contrary to law, then such provision or application will be deemed invalid, to the extent required by such decisions from legal bodies, but all other provisions or applications shall continue in full force and effect.

B. Should a provision or application be deemed contrary to law as described in Paragraph 1 above, the parties shall meet to renegotiate the provision(s) affected. The parties shall meet not later than twenty (20) working days from the date such provision is determined to be contrary to the law unless agreed to otherwise by both parties.
ARTICLE III

GRIEVANCE

A. Definition

1. A "grievance" is a claim by a grievant that there has been a violation, misinterpretation, or misapplication of the specific provisions of this Agreement.

2. A “grievant” is any employee or group of employees of the District, who are members of the bargaining unit covered by the terms of this Agreement, or the Association.

3. “Party” is the District, the Grievant, or their designated representatives.

4. “Work Day” or “Day” means a day on which the grievant is required to work. In the event of an Association grievance, Work Day or Day means a day when the administrative offices of the District are open for business.

B. Purpose

The purpose of the grievance procedure is to resolve grievances at the lowest level and to provide an orderly procedure for reviewing and resolving grievances promptly.

C. Time Limits

1. The time limits specified at each level of this procedure shall be considered as maximums.

2. Time limits may be modified only by mutual agreement of the parties in writing.

3. Failure by a representative of District to observe the time limits shall be a basis for the grievant to move the grievance to the next step.

4. Failure by the Grievant to observe the time limits shall be deemed acceptance of the previous answer to the grievance and a waiver of the right to pursue the grievance to later steps.
1. Informal Level:

Before filing a formal grievance and within ten (10) workdays after the occurrence of the act or omission giving rise to the grievance or within ten (10) workdays of grievant’s knowledge of the act or omission giving rise to the grievance, but no longer than 60 days after the actual occurrence of the act or omission, the grievant shall attempt to resolve the grievance by an informal conference with the first level of management.

2. Level One - Formal Grievance:

a. If the Grievance is not resolved at the informal level, the Grievant shall file a formal grievance in writing, on the appropriate form, with first level management, within ten (10) workdays after the informal conference.

b. The form shall include the following information:

(1) A brief statement of the facts which constitute the alleged violations, including the names of all persons involved and the times, places and events.

(2) How the grievant has been adversely affected.

(3) The specific section of the contract allegedly violated.

(4) The date that the act giving rise to the grievance occurred.

(5) A statement of the steps initiated by the grievant to resolve the issue by informal means as prescribed in section D 1 above.

(6) The specific remedy sought by the grievant to resolve the grievance.

(7) Signature of the grievant.
c. The first level manager shall communicate his/her decisions with the rationale for that decision, to the grievant in writing within ten (10) workdays after receiving the grievance. If the manager does not respond within the time limits the grievant may appeal to the next level.

3. Level Two - Appeal to Superintendent:

a. If the grievant is not satisfied with the disposition of his/her grievance at Level One or if no written decision has been rendered within ten (10) workdays, the grievant shall appeal the decision to the Superintendent or designee within five (5) workdays.

b. The written level two grievance shall include a copy of the original grievance, the decision rendered, and a clear and concise statement of the reasons for appeal. The appeal shall be submitted on the prescribed form.

c. A conference shall be held at this level, prior to the time the decision is rendered, if the grievant or the Superintendent or designee makes a request for a conference. The Superintendent or designee shall communicate his/her decision in writing within ten (10) workdays of receipt of the Level Two grievance. If the Superintendent or designee fails to respond within the time limits provided, the grievant may appeal to the next level.

4. Level Three - Mediation:

a. If the grievant and/or the Association are not satisfied with the disposition of the grievance, or if no disposition has occurred pursuant to the provisions of Level Two, the grievance shall be referred to grievance mediation. Notice that the grievance is being referred to mediation shall be provided to the Superintendent or designee within five (5) days of the decision at Level Two.
b. The Association shall request that a conciliator/mediator from the California State Mediation/Conciliation Service be assigned to assist the parties in the resolution of the Grievance. Copies of any written communication with the Service shall be sent to the Superintendent/designee and notice of any oral communication shall be given.

c. Within ten (10) days of the request for a mediator, the parties shall agree on a date for a meeting with the mediator for the purpose of resolving the grievance. The meeting shall include the grievant and representatives of the Association and the District.

d. If an agreement is reached in mediation, it shall be reduced to writing and signed by the grievant, the Association and the District. The agreement shall be non-precedential and shall constitute a settlement of the grievance.

e. In the event that the grievant, the Association and the Superintendent or designee have not resolved the grievance with the assistance of the mediator within ten (10) days from the first meeting held with the mediator, the Association may terminate Level Three, and the grievance may proceed to Level Four.

5. Level Four - Binding Arbitration:

a. Request to Association:

If the grievant is not satisfied with the disposition of his/her grievance at Level Three, or if no written agreement has been reached within ten (10) workdays, and the Association terminates Level Three, the grievant shall,
within five (5) workdays, request in writing that the Association submit the grievance to Binding Arbitration. A copy of the request shall be provided to the Superintendent.

b. Notice to Superintendent:
The Association shall notify the Superintendent within ten (10) workdays of the filing of the grievant’s request of its decision to appeal the grievance to Binding Arbitration.

c. Arbitrability:
If any question arises as to the arbitrability of the grievance, such question shall be ruled upon by the arbitrator before hearing the merits of the grievance.

d. Source of Arbitrator:
The parties shall select a mutually agreeable arbitrator. Should they be unable to agree on an arbitrator within ten (10) workdays of the Association’s submission of the grievance to arbitration, the District shall contact the American Arbitration Association for a list of arbitrators. In that case, the parties will be bound by the rules and procedures of the American Arbitration Association in the selection of an arbitrator and the arbitrator shall proceed under the Voluntary Labor Arbitration Rules of said Association.

e. Costs:
All costs for services of the arbitrator, including but not limited to per diem expenses, travel and subsistence expenses, the costs of any hearing room and the costs for a court reporter will be borne equally by the Board and the Association. All other costs will be borne by the party incurring them.
f. Arbitrator’s Decision:

The arbitrator’s decision shall be in writing and shall set forth findings of fact, reasons and conclusions. The arbitrator shall have no power to add to, subtract from or modify the terms of the Agreement. The arbitrator’s decision shall conform to law and be justified upon the facts. The decision shall be submitted to the Superintendent and the Association.

E. Miscellaneous

1. Informal Resolution:

Nothing herein shall be construed as limiting the right of any bargaining unit member having a grievance to discuss the matter informally with any appropriate member of the administration and to have the grievance adjusted without intervention by the Association. The District will not agree to a resolution of the grievance until the Association has received a copy of the grievance and proposed resolution and has been given ten (10) working days to file a response.

2. Filing Above First Level Management:

If a grievance arises from action or inaction on the part of a member of the administration at a level above the first level management, the grievant may submit such grievance to the appropriate member of the administration whose action or inaction gave rise to the grievance.

3. Release Time:

The grievant shall be entitled to a reasonable amount of time to process a grievance during normal hours with no loss of pay or benefits.
4. Witnesses:

The District shall make available for testimony in connection with the grievance procedure a reasonable number of employees as necessary to the processing of the grievance. Any employee witnesses required to appear in connection with this Article shall suffer no loss of pay or benefits.

5. Grievant’s Rights:

A grievant shall have the following rights:

a. To be present at all grievance hearings at any level.

b. To hear testimony on his/her behalf.

c. To testify on his/her behalf.

d. To call others to give testimony on his/her behalf.

e. To question any witness, personally or through a representative.

f. To have access to records and files related to the grievance.

g. To be represented by the Association at his/her option at any level of the grievance process.

ARTICLE IV
ORGANIZATIONAL SECURITY

A. Dues Deduction

1. The right of payroll deduction for payment of membership dues shall be accorded exclusively to the Association. The District shall deduct other voluntary payments as authorized by unit members and the Association. Association members who currently have authorization cards on file for the above purposes need not be re-solicited. Membership dues, upon formal written request from the Association to the District, shall be increased or decreased without re-solicitation and authorization from unit members.

2. Any unit member who is a member of the Association or who has applied for membership may sign and deliver to the District an assignment authorizing deduction of membership dues. Pursuant to such authorization, the District shall deduct one-tenth (1/10) of such dues from the regular salary check of the unit member each month for ten (10) months. Deductions for unit members who sign such authorization after the commencement of the school year shall be appropriately prorated to complete payments by the end of the school year.

3. With respect to all sums deducted by the District pursuant to Section A, subsection 1 above, the District agrees to remit such moneys promptly to the Association accompanied by an alphabetical list of unit members for whom such deductions have been made, a site assignment list at the beginning of the school year and revisions upon request, and a list of personnel including name, address and work location at the beginning of the school year and revisions upon request.
4. If a unit member does not have sufficient wages available for deduction of membership dues or service fees after other authorized or mandatory deductions or garnishments have been withheld, no sum shall be deducted. The Association shall pursue direct collection from the employee.

B. Maintenance of Membership

The Association and the District agree that any unit member who is a member of the Association at the time this Agreement becomes effective or who enrolls during the term of the Agreement shall maintain such membership for the duration of the Agreement. This provision shall not deprive any member of the right to terminate her or his membership within the thirty (30) day period following expiration of the Agreement. If a member who is covered by the maintenance of membership requirement withdraws authorization for dues deduction during the term of the Agreement, he or she shall pay to the Association lump-sum cash payment of dues for the year.

C. Agency Fee

1. Service Fee. Any unit member who is not a member of the Association shall, within thirty (30) days from the date of commencement of assigned duties, as a condition of continued employment, either become a member of the Association or pay to the Association a service fee in a lawful amount to be set by the Association. Said fee shall be payable to the Association in one annual lump sum cash payment or by payroll deduction. If any unit member required to join the Association or pay the service fee does not pay such fee to the Association on the due date set by the
Association, the Association shall inform the District and the District shall begin
automatic payroll deductions as provided in Education Code section 45061, in the
manner set forth in Section A above.

2. Religious Exemption. Any unit member required to become a member of the
Association or pay a service fee pursuant to the provisions of Section C, subsection
1, above, who is a member of a religious body whose traditional tenets or teachings
include objections to joining or financially supporting employee organizations shall
not be required to join or financially support the Association as a condition of
employment. Such unit member shall pay, in lieu of a service fee, sums equal to
such service fee to a non-religious, non-labor organization which is a charitable fund
exempt from taxation under section 501 (c) (3) of Title 26 of the Internal Revenue
Code, to one of the following:

A. Christa McAuliffe Institute for Education Pioneering
B. CTA/FACT Disaster Relief Fund
C. Jim Powell Scholarship Fund
D. Martin Luther King, Jr. Memorial Scholarship Fund
E. Rio Linda Union School District Foundation Fund
F. Rio Linda Union School District PTA Clothes Closet
G. Ted Hodel Scholarship Fund
H. United Way

Any unit member claiming a religious exemption shall submit a detailed written
statement establishing the basis for the religious exemption to the Association. The
Association Executive Board shall communicate, in writing, to the unit members its
acceptance or rejection of the exemption. If the unit member challenges the
eligibility of a religious exemption, the unit member may bring this challenge to the
Association internal review panel and if unresolved, may bring appropriate legal
action, but not by means of a grievance. Payment to the charitable organization shall
be made in the same manner as payments for service fees, set forth in subsection 1
above, either by annual lump sum payment or by payroll deduction. Proof of
payment by lump sum shall be made to the Association and the District in the form
of receipts or canceled checks by the due date set for lump sum payment of service
fees. Proof of payment shall be made on an annual basis to the Association. In-kind
services may not be used for payment, nor may such payment be in the form other
than money such as donation of used items.

2. Payment to Association:

With respect to all sums deducted by the District pursuant to Section C, subsection 1
above, the District agrees to remit such moneys promptly to the Association
accompanied by an alphabetical list of service fee payers for whom such deductions
have been made.

3. If a unit member does not have sufficient wages available for deduction of
membership dues or service fees after other authorized or mandatory deductions or
garnishments have been withheld, no sum shall be deducted. The Association shall
pursue direct collection from the employee.

D. Indemnification and Hold Harmless

The Association agrees to indemnify the District and to hold District harmless for legal costs
and damages in any court action and/or administrative action challenging the legality or
constitutionality of the agency fee provisions of this agreement or their implementation. The
Association agrees to pay all legal fees and costs incurred by District in defending against
any such action and to pay all judgments and damages assessed against the District and any
settlement negotiated of any such action. The Association shall have the exclusive right to
decide and determine whether any such action or proceeding referred to above shall or shall
not be compromised, resisted, defended, tried or appealed.

E. Election

Section C of this Article (Agency Fee) shall become effective only upon approval of an
organizational security fee arrangement by members of the bargaining unit pursuant to an
election conducted by the Public Employment Relations Board (PERB). Only one such
election shall be held during the term of the Agreement. The District shall bear no costs.

F. Exchange of Information

The Association and the District agree to furnish to each other any information needed to
fulfill the provisions of this Article.
ARTICLE V

ASSOCIATION RIGHTS

A. The Association and its members shall have the right to make use of buildings and facilities for all Association sanctioned activities in accordance with the District's public use policy at all reasonable hours.

B. The Association shall have the right to post notices of activities and matters of Association concern on Association bulletin boards. The Association may use the District mail service and teacher mailboxes for communication to teachers. All postings for bulletin boards or items for school mailboxes must contain the date of posting or distribution and the identity of the organization.

C. Authorized representatives of the Association shall be permitted to transact official Association business on school property at all reasonable times. Authorized representatives of the Association shall make their presence known to the school principal prior to conducting official Association business at school sites.

D. The Association shall be entitled to twenty (20) days of release time to conduct Association business, in no less than one-half (1/2) day increments. The Association will pay the cost of required substitutes. The President of the Association shall control the use of such release time and will designate those members of the Association who are eligible for its use. The President of the Association shall notify the District twenty-four (24) hours in advance of the use of release time.

Release time granted under this Article shall be used for official Association business and shall not be used for concerted activities or work stoppage.
E. The District, upon request by the Association, in a timely fashion agrees to furnish the Association a copy of:

1. Board Agenda with backup information
2. District Directory
3. Board Meeting Minutes with backup information
4. List of unit members including their salaries, health, and dental programs
5. Salary scattergram
6. List of newly hired unit members
7. Preliminary budget
ARTICLE VI

MANAGEMENT RIGHTS

It is agreed and understood that the District, through its Board, retains and reserves all the customary and usual rights, powers, functions and authority to discharge its obligations as to those rights, powers, and authority that are conferred upon it by the laws and the Constitution of the State of California, and of the United States, including, but not necessarily limited to the right:

1. To the executive management, organizational, and administrative control of the District and its properties and facilities, and activities of its employees;

2. To direct the work of its unit employees, determine the time and hours of operation of the District, determine the kinds and levels of services to be provided, and the methods and means of providing those services, including entering into lawfully permissible contracts with vendors for service;

3. Subject to the applicable provisions of law, to hire all employees; to determine the qualifications of persons to be hired; to assign, promote, and discipline employees;

4. To establish educational policies, goals and objectives; to ensure the rights and educational opportunities of students; to determine staffing patterns and numbers and kinds of personnel required in order to maintain the efficiency of District operations; and

5. To build, move or modify facilities; establish budget procedures and determine budgetary allocation of items not within the scope of representation; determine the methods of raising revenue; and to take any reasonably necessary action in the event of an emergency.
The exercise of the foregoing rights, powers and authority by the Board, the adoption of policies, rules, regulations, and practices in furtherance thereof, and the use of judgment and discretion in connection therewith shall be limited only by the specified terms of this agreement and law, and then only to the extent such terms are in conformance with the Constitution and laws of the United States. The District, through its Board, retains the right to amend, modify, or rescind policies as are necessary to effectuate the intention of this Article, to the extent that such amendment, modification, or rescission is not inconsistent with the specific terms for this Agreement. Such determination of the Board is expressly excluded from the provision of Article III [Grievance Procedure] of this Agreement.

The District reserves the right to take any reasonably necessary action(s) in event of an emergency. “Emergency” is defined as a situation or occurrence of a serious nature that develops suddenly or unexpectedly and results in a serious change of circumstances requiring immediate interim action. In such cases, the District will provide the Association with the opportunity to discuss the emergency and the District’s proposed action(s) as soon as possible, in a good faith effort to reach agreement on such action(s).

Any dispute regarding either the existence of or the exercise of any of the reserved rights of the District and a specific term of this agreement shall be subject to the grievance provisions set forth in this agreement. The District shall not act in an arbitrary and/or capricious manner in the exercise of its reserved management rights in connection with its implementation of a specific term of this Agreement.
ARTICLE VII

TEACHER SAFETY

A. A written description of the rights and duties of unit members with respect to student discipline, including the use of corporal punishment and pupil suspension shall be presented to unit members.

B. Any abuse of school personnel, assault, or battery upon school personnel, or any threat of force or violence directed toward school personnel, at any time or place which is related to school activity or school attendance, shall be reported by employees to the Sheriff's Department and to their immediate administrator.

C. Employees shall complete reports required by the District relating to violations described herein.

D. Employees shall be provided coverage under the terms and conditions of the District workers' compensation program and illness leave provision for any injury or illness arising out of or in the course of their employment.

E. The District is checked periodically for health and safety conditions at the District Office and individual schools. This inspection includes but is not limited to:

1. Fire Marshall
2. County Health Department
3. Liability Insurance Inspection
4. Safety and Sanitary Inspection
5. Occupational Safety Health Act Inspection

F. Employees will report health and/or safety hazards to their site level administrator.

G. The District shall provide to unit members payment of costs for replacing or repairing personal property lost or damaged while performing teaching duties, subject to business office insurance regulations.
H. Unit members shall be exempt from liability for loss or damage to any district-owned
property removed from school premises for uses related to the unit member's assignment.
Prior written permission of the site administrator is required and loss or damage as a result of
negligence or improper use shall not be covered.
I. The District shall provide each unit member who provides specialized health care to
students, inservice training upon request.
ARTICLE VIII
TRANSFER/REASSIGNMENTS

A. Transfer

A transfer is defined as the movement of a unit member from one work location to another work location at a different work site.

1. Transfers Initiated by District:

When the District initiates a transfer, unit members being transferred (except those being transferred for performance renewal) may indicate an order or preference of available openings for appropriate consideration.

a. An opportunity shall be provided for the unit member to meet with the administrator recommending the transfer prior to affecting the proposed transfer and be advised of the reasons for recommending such a transfer upon the unit member's request. The notice shall also be provided in writing and placed in the unit member's personnel file. When a unit member is transferred for performance renewal, a copy of the written notices shall be placed in the unit member's personnel file. The unit member may file a written response to the reasons given. This response will be placed in the unit member's personnel file.

b. Reasons for transfer of personnel may include the following:

(1) Balancing the staff of a school. Factors which will be considered in the make-up of each school are overall general teaching experience, specialized skills and talents, professional participation, male-female and ethnic balances.
(2) Placement of personnel returning from sabbatical leaves.

(3) Elimination or reduction of categorical funding.

(4) Instructional program requirements. This may include another school having greater need for a teacher's specialized services than does the school of the teacher's current assignment. Such transfers affected in this area will seek understanding of the teacher.

(5) Opening of school. When a new school is to be opened, all proposed vacancies to be filled shall be posted. Whenever possible, selections will be made through teacher-initiated transfers.

(6) Closing schools. Unit members of a school being closed will be notified within one (1) week of the Board's decision to close that school. First opportunity to apply for any new or vacant position in the District known at the time of the school closure will go to teachers from closed schools.

(7) Credential requirements. From time to time, it may be necessary to transfer a unit member when it is determined that his/her assignment is in violation of his/her credential authorization.

(8) Performance renewal. Performance renewal shall be a result of an employee receiving an unsatisfactory evaluation, or as a result of a documented incident of inappropriate behavior or unprofessional conduct. Such transfer shall not be affected until the unit member has received and had an opportunity to view the appropriate documentation. A unit member may be transferred no more than once every two years in order to provide him/her with a reasonable
opportunity for improvement of performance. When a unit member is transferred for performance renewal, a copy of the written notice shall be placed in the unit member's file. The unit member may file a written response to the reasons given. This response will be placed in the unit member's personnel file.

(9) Fluctuations in pupil enrollment. An over-staffed or surplus situation may be deemed to exist when the number of teachers present in a given school exceeds the teacher allotment established by Contract class size. The principal will determine where the staff is to be reduced. He/she shall then provide an opportunity for any qualified teacher to voluntarily transfer to an opening. In the event a qualified volunteer is not obtained, a District-initiated transfer will be affected.

(10) Elimination or reduction of classes in special areas or programs.

(11) Specially funded program comparability and compliance requirements.

After a transfer is deemed necessary by the District, the principal shall consider all of the appropriate factors listed below when selecting a person for transfer.

--Overall general teaching experience
--Specialized skills and talents
--Professional participation
--Male and female balance
--Ethnic balance
--Grade level
--Credentials
When two or more unit members are considered equal after applying the factors listed above, the principal shall recommend for transfer the unit member with the least seniority in the District.

2. Seniority:

Seniority for the purposes of this Article is defined as the employee's initial date of paid service in the bargaining unit with the following provisions:

a. Unit members with the same initial date of service shall have their seniority determined by lot. The lottery shall be conducted in the presence of those being considered for transfer whose initial date of service is the same. Those being considered for transfer may request an Association representative be present at the time the lottery is conducted.

b. Length of service shall not include time in paid status as a day-to-day or long-term substitute.

c. Paid status as a temporary, probationary, or tenure employee shall accrue seniority in increments no less than one-half year. Employees working one-half (1/2) year shall be given seniority credit of one-half (1/2) year's service. Employees working more than one-half (1/2) year shall be granted one (1) full year's credit.

d. If a unit member is assigned to a non-bargaining unit position within the District, that unit member does not accrue seniority for the purpose of this Article while working on such an assignment.

e. A unit member on an approved leave of absence shall continue to accrue seniority while on such leave.
3. Employee-Initiated Transfers:

   a. An opening is defined as a position at a school location which the District has
determined to be filled by a regular, probationary, or permanent unit member
rather than a substitute or temporary teacher or teacher being reassigned for
performance renewal.

   b. The District will post at each school location notice of each opening, along
with job-related criteria for the position, together with a deadline for
applications which shall be within a reasonable length of time after posting
and prior to which deadline the opening shall not be filled. During the first
15 working days of the school year, the District need only post initial
openings at school locations. (E.g., if an opening occurs at Joyce School and
the person selected for transfer is a teacher at Pioneer School, the District
shall not be required to post the Pioneer opening and may fill the Pioneer
opening as outlined below for those openings occurring after the first 15
working days of the school year.)

   When an opening occurs after the first 15 working days of the school year,
the District may fill such position on an interim basis by a new person from
outside the District without going through any posting procedures or transfer
considerations. If the position is to be retained, it will be posted as an
opening for assignment purposes for the following school year; and the new

Terminal Illness Leave
Personal Leave
Adoption Leave
Family Care and Medical Leave
Sabbatical Leave

A. Sick Leave

Employees shall be entitled to sick leave in accordance with the following formula:

\[
\text{No. of days} \times \frac{\text{No. of months}}{\text{worked per week}} \times \frac{\text{worked per year}}{10} = \text{days of sick leave}
\]

A person upon initial employment shall be granted the sick leave to which he/she would have been entitled to after six (6) months of service. The second year of employment and thereafter, employees shall be granted at the beginning of each year the amount of sick leave they earn in that year. Unused sick leave shall accumulate from year to year without limit. A maximum of ten (10) days of accumulated sick leave may be used for immediate family care. Illness due to pregnancy shall be treated under the same provisions governing sick leave. Employees on maternity leave are required to provide the Personnel Office written verification by a physician that the employee is capable of assuming full responsibilities of the position prior to returning to work. Employees having to take time out during the regular workday for medical or dental appointments shall have time deducted from the employee's
accumulated sick leave. Time deducted shall not be less than one-half (1/2) day. In addition, an employee may be permitted to leave for a portion of the instructional day without being docked pay only under the following conditions:

(Emergencies will be taken into account when interpreting this section.) Each employee in the Unit may leave school for medical or dental appointments a maximum of three times in any school year for a period of no more than forty-five (45) minutes length on each occasion.

Each employee will make his/her own arrangements to have his/her assignment covered. The school principal must agree with the method by which the assignment is covered. Employees will not be required to use any portion of their sick leave in these instances. Arrangements for this leave must be made as far in advance as possible with the site administrator's approval.

Any employee shall have the right to utilize this leave for absences necessitated by pregnancy, miscarriage, childbirth and recovery therefrom. Employees on such leave may be required to provide the Employer written verification from a physician that the employee is capable of assuming full responsibilities of the employee's position prior to returning to work.
C. Industrial Accident and Illness Leave

An employee shall be entitled to industrial accident and illness leave for a maximum of sixty (60) working days.

The total of the employee's temporary disability indemnity and the portion of salary due the employee during the absence shall equal the employee's full salary.

An employee shall be deemed to have recovered from an industrial accident or illness, and thereby able to return to work, at such time as State or School Board physicians indicate that there has been such a recovery.

An industrial accident or illness as used in this paragraph means any injury or illness whose cause can be traced to the performance of services required as a part of the employee's job.

The benefits provided in this paragraph are in addition to sick leave benefits, including extended illness benefits. Accordingly, the employer shall not deduct accumulated sick leave from the sick leave allotment of an employee who is absent as the result of an industrial accident or illness.

Teachers taking compelling circumstance leave shall make every effort to notify the District of their absence in time for the District to secure a substitute.

E. Bereavement Leave

Every employee shall be entitled to four (4) days of paid leave of absence if travel under five hundred (500) miles is required or to six (6) days if travel of more than five hundred (500) miles is involved on account of death of any member of his/her immediate family. who has written verification from a medical doctor that he/she is terminally ill, may request
Terminal Illness Leave. Terminal Illness Leave shall provide the employee full contractual
salary for each month or part thereof that the employee survives for a period not to exceed

Scheduled increments and adjustments in salary are not allowed for such leaves. Retirement credit shall be the responsibility of the employee. An employee requesting a leave for a full school year must make the request to the Personnel Office by May 15. Employees requesting leaves less than a full year must make the request far enough in advance so that suitable arrangements may be made for their absence. An employee wishing to return from a full year's leave of absence must notify the Personnel Office of his/her desire to return in writing prior to March 15. Failure to meet this deadline may result in the employee's termination.

A request for a leave of absence must include the beginning and ending dates of the leave. Employees on leaves of absence for less than a full school year will be allowed to return to duty on the Board of Trustees' approved date and time established when the leave was granted. An employee on a leave of absence will have the option of continuing to receive health and dental coverage by submitting a personal check for the full amount of monthly premiums made out to the carrier and routed through the District Business Office. This is contingent upon the insurance carrier's agreement to provide such coverage.

   b. To care for the employee’s child, parent, or spouse with a serious health condition.

   c. Because of the employee’s own serious health condition that makes him/her unable to perform the functions of his/her position. However, this does not include leave taken for disability on account of pregnancy, childbirth or related medical conditions.

2. Definitions:

      An employee who takes leave has no greater right to reinstatement than if he/she had been continuously employed during the leave period. If the district reduces its work force during the leave period and the employee is laid off for legitimate reasons at that time, he/she is not entitled to reinstatement, provided the district has no continuing obligations under a collective bargaining agreement or otherwise.

   b. During the period when an employee is on family care and medical leave, he/she shall maintain his/her status with the district and the leave shall not constitute a break in service for purposes of longevity, seniority or any employee benefit plan.

   c. The district shall continue to provide an eligible employee on family care and medical leave, the group health plan coverage, including dental, that was in place before he/she took the leave. If the employee fails to return to district employment after the expiration of the leave, for any reason other than the
continuation, recurrence or onset of a serious health condition, or other circumstances beyond his/her control, he/she shall reimburse the district for premiums paid during the family care and medical leave.

b. Leave taken pursuant to the California Family Rights Act shall run concurrently with leave taken pursuant to the federal Family and Medical Leave Act (FMLA), except for any leave taken under the FMLA for disability on account of pregnancy, childbirth, or related medical conditions. In addition to family care and medical leave, an employee may be entitled to take pregnancy disability leave of up to four months. During the otherwise unpaid portion of pregnancy disability leave, the employee may use accrued paid leave in accordance with other Leave provisions in Article XIV.

c. Leave taken for the birth or placement of a child must be concluded within the 12-month period beginning on the date of the birth or placement of the child. Such leave does not have to be taken in one continuous period of time.

d. If both parents of a child work for the district, each parent may take up to twelve weeks of family care and medical leave related to the birth or placement of the child.

e. At the option of the employee, accrued sick leave may be used in accordance with other Leave provisions in this Article. Use of leaves run concurrently with Family Care and Medical Leave.
5. Request for Family Care and Medical Leave:

a. An employee shall request family care and medical leave in writing, at least thirty days before the commencement date of the leave. If the leave becomes necessary less than thirty days before its commencement, the employee shall provide such notice as soon as practicable.

b. In every case in which the necessity for the leave is foreseeable, and based on planned medical treatment or supervision, the employee shall make a reasonable effort to schedule the treatment or supervision to avoid disruption of district operations. This scheduling shall be subject to the health care provider’s approval.

6. Certification of Health Condition:

a. A request by an employee for family care and medical leave for his/her serious health condition, or to care for a child, parent or spouse with a serious health condition, shall be supported by a certification from the health care provider of the employee or such other person as applicable. The certification shall include the following:

   (1). The date on which the serious health condition began.

   (2). The probable duration of the condition.

   (3). If the employee is requesting leave to care for a child, parent or spouse with a serious health condition, the health care provider’s certification of both of the following:

      (a) Estimated amount of time the health care provider believes the employee needs to care for the child, parent or spouse.
(b) Statement that the serious health condition warrants the participation of a family member to provide care during a period of the treatment or supervision of the child, parent or spouse.

(4) If the employee is requesting leave because of his/her own serious health condition, the health care provider’s certification that due to the serious health condition, the employee is unable to perform the functions of his/her job.

(5) If the employee is requesting leave for intermittent treatment or is requesting leave on a reduced leave schedule for planned medical treatment, the certification must also state the medical necessity for the leave, the dates on which treatment is expected to be given, the duration of such treatment, and the expected duration of the leave.

b. If the district doubts the validity of a certification that accompanies a request for leave, the district may require the employee to obtain a second opinion from a district-approved health care provider, at district expense. If the second opinion is contrary to the first, the district may require the employee to obtain a third medical opinion from a third health care provider approved by both the employee and the district, again at district expense.

If additional leave is needed when the time estimated by the health care provider expires, the district may require the employee to provide re-certification in the manner specified in the preceding paragraph.
c. Request for leave may be denied if the requirements of certification are not met.

d. Employees who take family care and medical leave for their own serious health conditions shall present certification from their health care provider to the effect that they are able to resume work.

7. Notifications:

Upon the employee’s completion of request (Section 5) and certification (Section 6), the District shall provide the following:

a. A statement that the leave will be counted against the employee’s annual family care and medical leave entitlement.

b. Requirements for the employee to furnish medical certification of a serious health condition.

c. Notice of the employee’s option to use accrued paid leave in accordance with other Leave provisions in this Article and conditions related to the use of such leaves.

f. The employee’s potential liability for health benefits should the employee not return to service.

8. Records:

Sabbatical leave is a leave of absence to provide the opportunity to prepare for improved service to the school district.

1. Employee must have status as a permanent employee.

2. Employee must have rendered service in the District in a position or positions requiring certification qualifications for at least seven (7) consecutive years preceding the beginning of the leave.

3. Applicants for sabbatical leave under this section shall agree to undertake a planned program.

4. Independent study leave is one during which the employee pursues a program of study, research and/or experience.

5. Application for sabbatical leave under this section shall fulfill the terms of the fellowship or grant.

The maximum number of employees on sabbatical leave during any one semester shall be limited to one and one-half percent (1 1/2%) of the certificated staff.

Application for sabbatical leave must be filed with the Personnel Office by March 1 for the following school year, or by October 1 if for the spring semester only. The Superintendent will give notice to the applicant whether the request is granted or rejected within sixty (60) days after the due date for filing the application.

Absence on sabbatical shall count as a regular period of service and shall not interrupt the employee's progress on the salary schedule.
The employee who has been granted sabbatical leave and who has complied with the provisions under which such leave was granted will receive fifty (50) percent of the employee's regular salary for the period of time for which the sabbatical leave was granted, computed on a monthly basis.

Upon the employee's return, the employee shall be required to render two (2) years of service to the District if the employee is on a one year sabbatical or one (1) year of service if the employee is on a semester sabbatical.

The salary for the sabbatical leave may be received:

1. In two (2) equal annual installments during the first two years following the return from the sabbatical leave, the first installment at the end of the first semester of teaching following the leave, the second installment at the end of the third semester following the leave.

2. 3. Any employee who has been granted a sabbatical leave but does not fulfill his/her legal commitment of working a minimum of two (2) years following such leave shall pay interest on the unpaid balance at no more than the rate at which the County Treasurer was paying on District funds at the time the employee was scheduled to return to the District. Interest will be charged on the unpaid balance commencing at the time an employee requests a release from his/her contract, which changes the employee’s official responsibility within the District. The principal plus interest owed the District must be paid within a 5 year period following employee’s request.
Sabbatical leave shall count toward retirement and the retirement and annuity contributions of the employee shall be collected.

At the expiration of a sabbatical leave, the certificated employee who has been granted such a leave will be reinstated, unless the employee and employer before the leave begins agree otherwise, in the position held at the time the leave was granted, i.e., classroom teacher, counselor, speech therapist, etc.

L. **Catastrophic Leave**

1. **Description:**

   Eligible permanent unit member (see section 2d) who is suffering from a catastrophic illness or injury may request donations of sick leave credits under the catastrophic leave program. An eligible permanent unit member whose dependent child (see section 2h) is suffering from a catastrophic illness or injury may request donations of sick leave credits under the catastrophic leave program. “Catastrophic illness” or “injury” is defined as an illness or injury that is expected to incapacitate the employee, or a dependent child of the employee, for an extended period of time and creates a financial hardship for the employee because he/she has exhausted all of his/her accrued sick leave.

2. **Contributions:**

   a. Days in the Catastrophic Leave Bank shall accumulate from year to year.

   b. Days shall be contributed to the Bank and withdrawn from the Bank without regard to the daily rate of pay of the participant.

   c. Initially, to join the catastrophic leave bank program, employees must have permanent status and must have at least nine (9) days of accrued sick leave remaining after donating to the bank.
d. Participation is voluntary, but participation requires contribution to the Bank. Only contributors will be permitted to withdraw from the Bank.

e. The annual rate of contribution by each participating member for each school year shall be one day of sick leave.

f. The District shall supply enrollment forms for the Catastrophic Leave Bank to employees. The members will fill out the appropriate form and sign it authorizing the contribution. The same contribution will continue to be donated each year to the bank unless canceled by the employee. The District shall deduct contributions between beginning of school year and October 1 of each school year. Members returning from extended leave and new members may contribute within thirty (30) days of beginning work.

g. Cancellation on the proper form, may be effected at any time and the Member shall not be eligible to draw from the Bank as of the effective date of cancellation. Sick leave previously authorized for contribution to the bank shall not be returned if the member effects cancellation.

h. A dependent child, for purposes of the Catastrophic Leave Bank, is defined as one who is biological, step-child, or legally adopted by the eligible permanent unit member.

3. Withdrawals From the Bank:

a. To request a withdrawal under this program, the employee shall provide verification of the catastrophic injury or illness by means of a letter, dated and signed by a physician, indicating the incapacitating nature and probable duration of the illness or injury.
b. If a participant is incapacitated, applications may be submitted to the Catastrophic Committee by the participant’s agent or member of the participant’s family.

c. Leave from the Bank may not be used for an illness or disability which qualifies the Participant for Worker’s Compensation benefits, unless the participant has exhausted all accrued leaves and workers’ compensation benefits have terminated. If the District challenges the Worker’s Compensation Claim, the participant may draw from the Bank but upon settlement of the claim, the Bank shall be reimbursed the days by the District.

d. Participants must use all sick leave (but not differential leave) available to them before being eligible for a withdrawal from the bank.

e. For participants who have differential leave available, the District shall pay the participant full pay and the Bank shall be charged one-half (1/2) day.

f. Initial withdrawals from the Catastrophic Leave Bank shall be granted in units of no more than thirty (30) workdays. Additional days may be granted upon request and approval of the Catastrophic Leave Committee. The maximum number of days granted to an employee shall be one hundred (100) days. Unused days by the recipient shall be returned to the Catastrophic Leave Bank.

g. The first ten (10) duty days of catastrophic illness or disability must be covered by the participant’s own sick leave, differential leave, or leave without pay. For example, if the participant had five (5) days of sick leave at the beginning of the illness, he/she shall begin withdrawing days on the eleventh workday.
h. If the Catastrophic Leave Bank does not have sufficient days to fund a withdrawal request, the Committee may approve withdrawal up to the maximum days in the bank.

i. Approval of any request shall require a majority vote of the committee and shall be final and binding and not subject to the grievance procedure of the Collective Agreement in force between the District and RLEA.

4. Administration of the Bank:

a. The Catastrophic Leave Bank Committee shall have the responsibility of maintaining the records of the Catastrophic Leave Bank, receiving withdrawal requests, verifying the validity of requests, approving or denying the requests, and communicating its decisions, in writing, to the participants and to the District.

b. The Committee shall consist of three (3) standing committee members, two (2) at-large members. The standing committee members shall be the Director of Personnel, the RLEA President or his/her designee, and another District staff person selected by the Assistant Superintendent, Personnel. The at-large members shall be selected by the RLEA executive board.

c. Application shall be reviewed and decisions of the Committee reported to the applicant, in writing, within ten (10) workdays of receipt of the application.

d. The Committee shall keep all requests confidential.

e. Following the enrollment period, beginning of school year through October 1, the Committee will compile the following information:

1. The names of participating members.

2. The names of any members who have canceled.
3. The total number of days in the bank.

5. If the Catastrophic Leave Bank is terminated for any reason, the days remaining in the Catastrophic Leave Bank shall be returned to the then current members of the Bank proportionately in units of no less than one-half (1/2) day. Lottery method shall be used if there are not enough days to return unused days proportionately to the current members.
ARTICLE XV

SALARY RULES AND REGULATIONS

A. The scale for regular Standard Elementary teaching credentials shall consist of six (6) classifications:

Class A & B - A.B. degree or credential up to and including 23 accredited college units

Class C - Class A plus 24 accredited college units

Class D - Class A plus 36 accredited college units

Class E - Class A plus 50 accredited college units

Class F - Class A plus 65 accredited college units

Class G - Class A plus 80 accredited college units

Beginning employees will be classified for salary purposes according to the number of college and university credits. No credit will be given for professional growth units earned before employment.

B. In the placement of an employee new to the District, year-for-year credit for previous teaching will be given, not to exceed eleven years (e.g., a new employee with eleven years' previous experience would begin on Step 12).

1. If placement for a present employee changing to a new position within the District results in a lower salary than that currently received, he/she will be held at his/her current salary until such time as the reclassification results in a higher salary.

2. To receive a year's credit on the salary schedule, employees must have served under contract 75% or more of the school days in any school year. This fact must be verified in writing by the previous employer.
3. All certificated personnel will be given full credit on this schedule at the rate of one step for each year of service in this school district and must have been employed under contract 75% of a school year to constitute a complete year of service.

4. Credit through teacher retirement will be deemed as verified experience.

C. Units of credit for salary classification purposes may be earned and applied for credit as set forth below through the successful completion of college and university courses and participation in school district approved and/or conducted inservice programs and workshops. All certificated employees must obtain approval of units earned in courses not conducted by the District, in an advanced degree program, or in credential programs. Approval will be given by the TEPS Committee composed of unit members.

D. Step and Column increases will be implemented per Salary Schedule, Attachment A.

E. The TEPS Committee will determine the acceptability of each request for academy units. No more than 1/2 of the units submitted for each crossover on the salary schedule can be earned through academy units. The majority ruling of the committee will prevail. A description of acceptable academy units is suggested as follows:

1. Participation in District inservice programs, mini-courses and workshops may earn academy credit. Each inservice program, mini-course, and workshop may earn up to one (1) unit of credit for each 15 hours or one-half (1/2) unit of credit for 7 1/2 hours or one-third (1/3) unit of credit for 5 hours.

2. Conducting and/or attending workshops, either within the District or other school districts, may earn academy credit. Each workshop may provide up to one (1) unit of credit for each 15 hours or one-half (1/2) unit of credit for 7 1/2 hours or one-third (1/3) unit of credit for 5 hours.
3. Academy units will be applicable only to current district employees. New district employees will not be permitted to apply professional growth units obtained from other school districts to the District's salary schedule.

4. College, university and/or academy units, whether paid for by the District or the employee, and earned when an employee is receiving released time, may only be applied to the salary schedule when the scheduled class time requirement is 50% or more on the employee's own time.

5. College, university, and/or academy units may be applied to the salary schedule when the tuition or attendance fees are paid by the District only under the following conditions:
   a. The principal or supervisor requests the unit member's attendance.
   b. The unit member pays the cost of the units when they are not included in the basic attendance fee.
   c. If the unit member is receiving release time, 50% or more of the scheduled class time is on the unit member's own time.

F. Employees may not advance more than one annual step per year.

1. The adoption of a policy which permits the inclusion of lower division college units should not be retroactive but proceed from the date of adoption of the policy (1968-69 Salary Schedule).

2. A limit of six graduate units may be accepted for classification purposes from accredited professional schools, (theological seminaries, law school, business schools, etc.)

3. Quarter units are converted to semester units by multiplying the quarter units by two thirds (2/3). If this multiplication results in a number with a fraction of more than
one half (1/2), the number shall be rounded up to the next whole number. Each computation which results in a rounding to the next whole number must include a re-addition of all earned units and therefore results in an only one-time rounding up effect for any combination of fractions.

G. The final date for presenting written evidence of completion of course work for crossover purposes will be on August 5, providing the Personnel Department is notified in writing on or before May 1 that it is the intention of the employee concerned to present such evidence. Written evidence shall be limited to:

1. official transcripts with the school seal, or
2. the instructor's card with the registrar's stamp, or
3. a written statement by the employee that course work has been successfully completed and transcripts have been requested from the instructor or institution.

It is incumbent upon the employee to provide transcripts as soon as they are available. Changes in classification may be denied until such time as written evidence of units earned is presented.

All employees will be placed on the salary schedule according to the verification of units on file in the Personnel Department. Units not on file will not be honored. Employees meeting the above criteria on or before August 5 will have their pay warrants adjusted for crossover as of August 31.

H. Year-for-year credit on this schedule will be given for military service if such service was rendered while in the employ of this District. No more than two years of credit will be given for such military service.

I. Employees teaching half time or more but less than full time will receive their salary on a prorated basis.
J. Employees teaching at least fifty percent and less than seventy-five percent of the total yearly teachers' workdays shall earn one-half credit for salary classification purposes.

K. A substitute will be provided, a District expense, for any certificated employee who is requested by the employer to leave the classroom to become the temporary on-site administrator. This is applicable for a half-day or longer-day basis.

L. Certificated employees will be paid an hourly rate on the salary schedule holidays, weekends, summer vacation, or after 5:00 p.m. for working on categorically funded programs; i.e., component writing for Title I and SI. Scheduling of such work must have the approval of the principal. District general funds are not to be used for this purpose.

M. Employees whose initial date of service falls after September 1, 1984, are required to have been assigned to two different schools prior to receiving supermaximum pay after 25 years of service and three different schools prior to receiving supermaximum pay after 30 and 34 years of service. If the school assignment is only for one year, the length of the assignment must fulfill the 75% service requirement. Permanent employees may use assignments in temporary status to meet this requirement if they were employed under a regular teacher contract (substitute assignments of any length are not applicable) and there was no break in service between temporary and probationary employment. Employees in Special Education assignments at the time they become eligible for the supermaximum pay after 25, 30 and 34 years are exempt from the two or three-school requirement respectively.

N. Employees whose daily assignment requires the use of their personal automobile for travel between two or more schools shall be paid mileage at the present District rate.

O. Mandatory deductions from gross earnings are those required by law, including Federal and State Income Taxes, State Teachers' Retirement System, and refunds to the District (e.g., salary overpayment). Voluntary deductions are those deductions the employee may elect to
have taken from his/her gross earnings (e.g., tax sheltered annuities, credit union, medical/hospital insurance). Voluntary deductions must be initiated in writing by the employee.

P. Employees receiving 12 pay warrants may have the option of receiving their three summer school checks at the end of the school year.

ARTICLE XVI

EMPLOYEE BENEFITS

A. Programs

1. **Group Insurance Plans.** The District provides a health, dental and term life insurance program for eligible unit members. (Health insurance means medical insurance, e.g., Kaiser.) The providers for these plans and current rates are listed below. Participation by the District and/or any unit member in a specific plan is subject to the rules of the plan provider. Specific benefits offered in each plan are subject to change by the provider. The providers determine whether all unit members must participate in the group plan, the rates for the participation by two unit members who are spouses, or whether individual unit members may opt out. Under the current providers, unit members may opt out of health insurance but must participate in dental and life insurance programs.

2. **Cafeteria Program.** The District provides funding for health and welfare benefits for eligible unit members under a Cafeteria program. The District provides maximum monthly contributions of $559.50 for full-time Kaiser “single unit members”, $454.76 for full-time PacifiCare “single unit members, $1,014.14 for full time Kaiser “family unit members”, and “909.40 for fulltime PacifiCare “family unit members” who enroll in a health insurance plan. The District’s monthly contribution shall first be applied to the cost of the group health/dental/life insurance plans that the unit member is enrolled in. Any excess funds may be applied pre-tax to I.R.C. 125 Plan programs, or taken in cash on a taxable basis at the option of each unit member. Any unit member who can provide proof of alternative health insurance and who opts out of voluntary participation in all group health insurance plans will
receive $56.00 pre-tax for I.R.C. 125 programs or in cash on a taxable basis per month.

3. **I.R.C. 125 Plan.** The District maintains an I.R.C. 125 Plan for voluntary participation by eligible unit members. Unit members may enroll in order to authorize pre-tax payroll deductions for the cost of insurance which exceeds the maximum District contribution, for out-of-pocket health and welfare benefit expenses, for tax sheltered annuity plans, for income protection insurance and for any other benefit program covered by the Plan.

4. **Employee Assistance Plan.** The District provides and pays the cost of an Employee Assistance Plan (EAP) for all unit members. The plan contents are subject to change by the plan provider.

5. **Retirement Health Insurance Programs.** (See Sections E. and F.)

**B. Eligibility**

1. “Eligible unit member” means the following: unit members assigned for 75% or more of a full time position for the job classification shall receive the full District contribution. Unit members assigned for 50% to less than 75% of a full time position for their job classification shall receive the same percent of the full contribution as their F.T.E. (e.g., 50% equals 50% contribution.)

2. “Single unit member” is a unit member who elects to participate in single employee coverage for group insurance plans. A “family unit member” is a unit member who is eligible for spouse and/or dependent coverage and who is enrolled in a health insurance plan for family coverage. A unit member must notify the District within 20 calendar days after any change in status. A change in status will normally become effective the month following the date of filing of a revised health insurance enrollment form.
3. A newly employed unit member is eligible to enroll in group insurance plans or opt out of insurance within 30 days after employment. Participation shall be effective at the beginning of the next month provided insurance enrollment and payroll deduction deadlines are met.

4. A unit member on a paid leave of absence shall continue to receive the District monthly Cafeteria Plan contribution for health benefits. A unit member who commences an unpaid leave of absence, except for a Family Care and Medical Leave, during a work month shall receive the District Cafeteria Plan contribution for the balance of that month. The unit member shall be allowed to continue insurance coverage at his/her own expense thereafter.

5. Eligibility for insurance coverage and the District monthly Cafeteria Plan contribution shall terminate on the last day of the last month of employment except for eligibility extended to retired unit members.
C. Group Insurance Plans

1. Based upon twelve (12) equal payments, the following group insurance plans are offered at the listed monthly premiums for employees who are eligible and participate in the health insurance programs. For FTE pro-ration and eligibility see Section B - Eligibility.

PAR: Core Beliefs

We believe our PAR Program should provide our teachers and administrators the ability to work collaboratively to improve professional development.

We believe teachers have the professional responsibility to support and play a key role in the assistance and review of their colleagues.

We believe our District has a unique culture and history and we should design our PAR Program accordingly.

We believe the purpose of the program is to improve teacher effectiveness through assistance and review, and that this needs to be clearly communicated to our constituency groups: teachers, managers, Board, and community.

We believe the focus of the program shall be to encourage voluntary participation.

We believe that negotiating our PAR Program represents an opportunity to strengthen the quality of the teaching profession and promote a positive relationship between our teachers and administrators.

We believe our PAR Program should be negotiated in a non-adversarial manner.

We believe existing program models may be used as reference tools, but not as fixed templates, which might impede our development of a plan tailored to meet our agreed upon needs and goals.

We believe our PAR Program should be aligned with the California Standards for the Teaching Profession.

We believe that formal evaluation remains an administrative responsibility and not the consulting teachers.

We believe the implementation of PAR requires commitment time, resources, cooperation and flexibility on the part of the entire district.
